10 years to 2016

Tynong tourist icon Gumbuya Park is set for a major facelift, having changed hands for the first time in almost 40 years. Car Megamart's Ray Weinzierl has joined forces with a group of business colleagues, including Jayco founder Gerry Ryan, to buy the amusement and wildlife park. Others in the consortium are Adam Campbell, Brett Murray, Jamie Johnson and Wal Pisciotta. They have big plans to renovate and expand the facility, established in 1978 by Standard Roads founder Ron Rado, to build on its appeal as a tourist attraction and conference and wedding venue. Mr Weinzierl, whose business interests include WB Cabinets, said the wheels were set in motion when he got a call from a mate at the Sydney Boat Show telling him to have a look at Gumbuya Park. He took his children Max and Ruby there and bought it the following day, having seen its potential. "There hasn't been a lot of work done on the place for a while," he said. "It's tired and needs a bit of work."

This autumn and winter Cannibal Creek Catchment Landcare has been very busy with putting 6,000 plants in the ground.

This could not have been done without the help of the groups members along side the Outside help we have had from local businesses, corporate volunteers, Pakenham Secondary College, Windana and the Australia Tamil Sangan group.

The volunteers who turned up at our May Community Planting we are very grateful to.

If all goes to plan and all the plants get in the ground we will have put 9250 plants in at Lovers Lane this year.

A great effort which continues to increase the birdlife.

Thanks to Ray White Officer and Pakenham for generously donating to the Tynong Community Christmas Party

These graphs to show this year's data against the driest and wettest years on record in the past ten years for both the months and the seasons.

Bird Flu Update for Victoria

We know many of us here in semi-rural Tynong are enthusiastic poultry and bird keepers.

Unfortunately, H5 bird flu is present in wild birds in Victoria, with confirmed cases in coastal and western Victoria.

If you see sick or dead birds or other wildlife:

- avoid contact
- record the exact location and what you observed
- report it using the current Agriculture Victoria reporting process. Visit the links below for the latest advice.

Check Agriculture Victoria and national resource pages to access the latest public factsheets, videos and other resources.
