Garfield Butcher 30th Birthday Celebrations
By Roman Kulkewycz

On Saturday the 10th of October, Country Style Meats in Garfield celebrated 30 years in business with a free BBQ, hot jam donuts and a huge Char Griller BBQ raffle for the Garfield community.

Proprietor John Preston the award winning butcher who has won more trophies than any large trophy cabinet can hold said that he's actually 32 years in business, but he was a tad late in organising the celebrations 2 years ago.

Geoff, Bluey, Annalise, John and sisters Kris and Helen.

Geoff and Bluey were kept busy handing out free BBQ sausages to passers by

Hillview Happenings

It has truly been another busy month at Hillview. We finished the Suzanne Beattie extension, received our Certificate of Occupancy and now await approval from the Department of Health, Disability and Ageing to allow us to fill the new sixteen bed wing. We have taken possession of some of the furniture, lounge chairs and tables. We still need your help with the fundraising target still coming in short of the $250,000 target. With well over half way we are very grateful to have such a generous and caring community committed to their local Aged Care Facility. Despite this we are still planning some major fundraising events, whilst still gratefully continuing to accept donations.

The other major fundraiser is a huge raffle with the first prize being a $2,500 travel voucher, supplied by Hello World Travel Pakenham. As well as this outstanding prize there are an additional nineteen prizes, all of which would appeal to every family. Tickets are $5 for one ticket and $20 buys six tickets. The raffle draw will take place on the 12th November 2026 and as this is just around the corner, we encourage you to buy some tickets before they are all sold out. Hillview reception is the place where you can buy tickets or pick up a few books to sell to and family.

The next Fundraising event is a dress to impress High Tea, being held at Tallawarra Homestead in Tominbuk. This event is being held on the 21st November from 1-4pm and it promises to be one of the best High Teas you will ever attend. Tickets are available via Humanatix.ogr.au. The event is being sponsored by Cannibal Creek Wines and Bunyip Smash Repairs. The tickets are selling fast, so make sure you get in quick and fill a table of friends. It will surely be an afternoon to remember

TALKIN'... FISHIN'

About BERLEY..... For those unsure about it, Berley is a mixed concoction of all and anything that will attract a fish to your bait, can be a dry mix, wet mix, or somewhere in between.

The fundamental purpose of berley is to attract the fish to your bait and not to feed them or turn them away with the drift of tide or current, but to keep the fish in the area for as long as possible, before the need to move or when they go off the bite.

Berley should be a dust cloud in the water, a mist of enticing odour and flavour, and leading to the true target of your bait. However it is beneficial to add some morsal bits.. but only proportional to the size of the fish, eg.chunks for Tuna and game species and small pieces for the Whiting and others of this size range. Like marine smarties, they can't stop at one!

Ingredients: this is entirely up to your imagination as to what you add, but remember it shouldn't be costing more for the berley mix than the bait. I prefer a dry mix and add the water out there, if you choose to add oils like tuna oil, be prepared to find it on everything else and your clothes after the days over, truly a unique smell in the wash with your other clothes.

Possible recipes could include: pollard, crushed chick pellets, bran, meat meal, mashed corn, cooked rice or wheat, fine fish scraps, curry powder, canned cat food, fish oils or sauces. Colouring can also be added in the form of jelly crystals, sounds weird I know, but the Red is spectacular and sparkly in the water.

The Delivery method: The type of consistency of the mixture depends on the delivery method you are going to use, are you going to float it, throw it, dump it, or scoop and slop ? A completely dry mix is difficult to deliver, but with wind assistance off a pier or jetty works ok, left on the surface it will become water logged and slowly sink, but is an ideal method for surface feeders like garfish. If you want to throw the mix it needs to be just wet enough to stick together in a ball and not break up in the air. To dump it in a weighted berley pot or cage, have it half frozen as a lump so it breaks up slowly over time then keep others on ice for later in the day. You can also freeze berley into cricket ball size bombs for the surf, mix some sand into the mix to weight them or they'll float, throw an amount into an old stocking leg squeeze to shape and size, (again the Mrs help) then add a lunch twist tie, repeat this until you have a chain of them, then freeze. What you don't use on the day can still remain in shape and be returned to the freezer. The slop mix is best not handled at all, it goes on everything and everyone, use a plastic soup ladle, garden tool or make one from a short 50mm pvc pipe with an end cap. Watch out chucking it round your boat, it dries on the side of your boat like WeetBix left out overnight. Try the different ways of scattering too, Gently lowered over the side, to rest on the bottom. Spray throws cover a big area, a throw forward allows it to sink under your boat not Klms down current for other boats to benefit.

Preparation can save you a lot of time, so mix and pack on your days off, freeze wet mixes and seal your dry mix in rat proof metal drums. And when you get really keen, a plastic bag heat sealing machine is brilliant.....Good luck with your Berley brews.

BUNYIP- GARFIELD PROBUS CLUB

At our October meeting we celebrated 50 years of Probus Clubs in Australia with a special Birthday Cake for morning tea. Kevin Weeks was our guest speaker who talked about his large collection of old Newspapers and now has 5000 that have been preserved and are in a storage facility. He showed us a few of the newspapers of advents that we had remembered such as not only in Australia but the World like the Assassination of JFK, shooting of Martin Luther King and the Grantville Train Crash which happened in New South Wales in 1977. He was not only a good speaker we felt there was so much more he could share with us. Kevin said he would be pleased to come back again in the future.

The Walking Group met at the Longwarry for morning tea before going for a nice walk or stroll around the town. After we went to Sherwood Park cafe for lunch where they met up with some other members.
Our Coffee group catch ups are always well attended and some even stay for lunch.

Even though the Craft group is small they enjoy each other's company while sharing their passion for many different projects they are working on.

We travelled over to Peacedale fora days outing to the Moonlight Wildlife Sanctuary and Conservation Park which is set on 25 acres in natural bushland and has over 70 native Australian species there. We were very impressed with the whole place and how the animals are well looked after by the staff who are very passionate about playing their part in protecting our native wildlife for the future generations so they can still be able to see the amazing Australian Native Species that we have been able to see in our lifetime. Our group wandered around at their own pace looking at the different animals along the way such as kangaroos , wallabies, pademelons , emus , dingoes , Tasmanian devils and koalas to mention a few. We couldn't go into the bird aviary because they are protecting their birds from the bird flu.

It must be a real worry for all of their staff and we wish them all the best. After spending the morning wandering, we then had lunch together at a Social Club on the way home.

Bunyip Connect Inc. Hosts Community Safety Meeting

Bunyip Connect Inc. was pleased to host a Community Safety Meeting at the Bunyip Hall on Monday, October 5th, giving local residents the opportunity to speak directly with local police about concerns affecting Bunyip and surrounds.

The evening was organised as an informal community "Q&A", with residents being given the opportunity to raise issues and to hear directly from local police.

A range of local safety concerns were discussed, including the unsafe use of e-scooters and e-bikes, problems around some of Bunyip's intersections and speeding concerns around Hope Street. Police have indicated that they will undertake some further work around these areas.

The evening also offered an opportunity to discuss the possibility of establishing a Neighbourhood Watch group across the Eastern Cardinia area. The idea is to bring together interested residents from communities including Bunyip, Garfield, Tonimbuk, Tynong, Nar Nar Goon, Lang Lang and surrounding areas.

We would like to thank Senior Constable Tom Walton, Sergeant Brad Coller and Leading Senior Constable Andrew MacReadie for giving their time to listen to residents, answer questions and discuss the issues raised.

We would also like to thank Colin from Officer Neighbourhood Watch, who took the time to explain what is involved in establishing a Neighbourhood Watch committee.

A Neighbourhood Watch committee has not yet been formed, but there is interest in exploring the possibility further. If you are interested in being involved in forming a Neighbourhood Watch or finding out more, please contact Bunyip Connect Inc. at bunyipconnectinc@gmail.com, and we can put you in touch with others.

Thank you also to everyone from Bunyip and the surrounding communities who attended.

A reminder for local residents: Bunyip Police Station is open on Wednesdays from 9:30am–4:30pm. For non-urgent police assistance or to report a crime that has already occurred, call the Police Assistance Line on **131 444**. In an emergency, if a crime is in progress, or when urgent police attendance is needed, call **000**.

Volunteer Strategy

Supporting our volunteers.
Strengthening our community.

Volunteers are at the heart of community life in Cardinia Shire. They manage halls and reserves, run sporting clubs, restore bushland, support neighbourhood houses and more.

This strategy sets out how Council will promote, support, recognise and govern volunteering. It responds to feedback around challenges faced by our volunteers such as an ageing volunteer base, burnout, cost-of-living pressures and administrative burden of volunteer roles.

This will be achieved by

Inclusive and accessible participation
Making it easier for everyone in Cardinia to find and take part in volunteering opportunities.

Modernisation and flexibility
Designing roles that fit busy modern lives and reducing unnecessary process and red tape.

Quality governance and safety
Providing a single clear process so volunteering is safe and well-managed for everyone.

Valued and measured impact
Stronger everyday recognition and better ways to capture the contribution volunteers make.

Benefits for our community

- More inclusive and accessible opportunities for people of all ages, backgrounds and abilities to get involved in volunteering.
- Stronger, more equitable and sustainable clubs, committees and community groups.
- Volunteers who feel valued, supported and recognised for their contributions.
- Better support for organisations to attract, support and retain volunteers.
- Stronger community connections, participation and belonging across Cardinia Shire.

From Curiosity to Climate Action: An Evening with Anjali Sharma

BRAG recently hosted a fantastic evening at the Bunyip Town Hall, where community members had the opportunity to hear from ***Anjali Sharma***, one of Australia's best-known young climate advocates. Anjali shared her journey from a curious 12-year-old asking questions about the world around her, to becoming a leading voice for climate action. It was that curiosity, and a determination to understand climate change, that sparked her passion for making a difference.

She spoke openly about the challenges of advocating for change, including taking on powerful fossil fuel industries with significant resources and influence. Despite the obstacles, Anjali remains optimistic. She highlighted that every step forward for climate action, no matter how small, is a win worth celebrating and a reminder that progress is possible.

One of Anjali's key messages was that everyone has something valuable to contribute. You don't have to be a public speaker or writer to make a difference. Whether your skills are organising events, creating artwork, connecting with people or sharing information, there is a place for everyone in the climate action community.

She also reflected on some of her happiest childhood memories, many of which were spent outdoors with family. Climbing rocks, scraping knees and exploring nature with her brother helped shape a deep connection to the environment. For Anjali, it's these experiences and the joy nature brings that make protecting it worthwhile.

A particularly heartwarming moment came when one of Anjali's former schoolteachers, who was in the audience, surprised her by sharing that Anjali had declared at a young age that she would one day become a climate activist. Her teacher expressed how proud she was of everything Anjali has achieved. Anjali was genuinely surprised and delighted, even revealing that she still has a pillow she made in that teacher's class!

The evening concluded with the proposed ***Duty of Care*** legislation for young people and future generations. While it has not yet been adopted nationally, campaigns continue across Australia to encourage states and territories to support the initiative. Community members interested in learning more can visit adutyofcare.davidpocock.com.au.

A big thank you to Anjali for an engaging, honest and inspiring evening. Her story was a powerful reminder that meaningful change often starts with one person asking a question and having the courage to act.

St.Thomas' Anglican Church A'Beckett Road Bunyip

The month of November draws us to the close of the Liturgical year and each year we celebrate this occasion with The Feast of Christ the King. This feast reminds us that Christ is King of individuals, nations, and the universe, and that His kingdom is one of love, mercy, and service to others. At St. Thomas' this feast will be celebrated on the 22nd November.

Our New Year commences on the 29th November which is the first Sunday of Advent. Advent is a penitential season of four weeks. It is a time of waiting and preparation that lead us to that great celebration of Christmas and the birth of the Christ Child.

REGULAR SERVICES AT ST.THOMAS

10am every Sunday: Eucharist followed by morning tea in the Parish Hall.

11.45 am every Wednesday: Midweek Eucharist followed by lunch in the Meeting Room in Parish Hall.

ST. THOMAS' OP SHOP

Our Op Shop is open on Thursdays and Fridays from 10am to 2.30pm.

Reverend Mthr Christine Angus (Priest in charge) 0409 217 321

Reverend Fr. Ken Parker (Associate Priest) 5976 1634
